APPLICATION FOR A STALL 'AT HOME'

Please complete the form below and return to the above address, by **Friday 3rd March 2017**.

Stalls 'at home' will be authorised if they fulfill at least one of the following criteria:

- where the stall is run for a charitable purpose;
- where the goods on offer are plants or genuine crafts;
- where the stall holder's garden is open.

Due to health and safety regulations, we have to remind all those that propose to have a stall 'at home' that it is the responsibility of the stall holder to safeguard the health and safety of all those who come on to their premises. However, in the unfortunate event of any damage that may occur to your property or any claim for an injury occurring on your property arising as a result of Daffodil Weekend, residents are covered by Daffodil Weekend's Public Liability Insurance.

Stall holders agree to donate a minimum of 10% of their takings to the Daffodil Weekend fund or provide labour towards teas/parking etc over the weekend.

The Committee are interested to know how much money in total Daffodil Weekend raises over the weekend. For information purposes only, can you let us know your total takings figure by either telling a member of the committee at the weekend, email or post to the address above so we can include this figure in our final totals. Many thanks for your co-operation.

Please complete and send to The Administrator at Thriplow Village Shop
